Niloé™

Just right for your projects

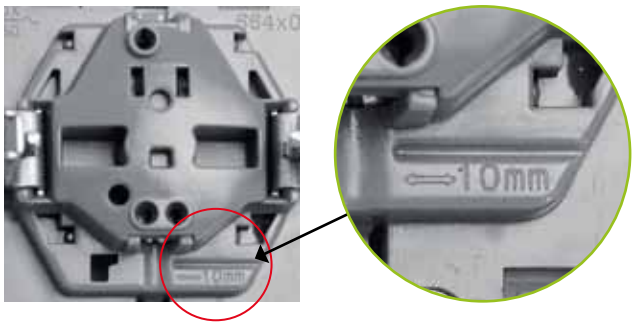
Just right...
for the environment and for you

Eco design

- Reduction of laser-etched marking
- Optimised packaging
- Packaging made of recycled materials
- The Niloé™ range is manufactured in ISO 14001 certified plants. Constant attention is paid to the environmental impact of every activity

Lower energy consumption during manufacture: reduction of laser-etched

Markings obtained directly from the plastic mould



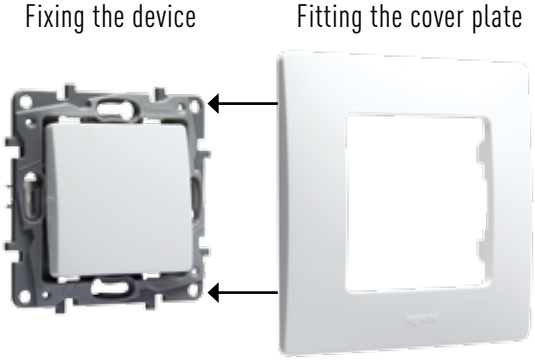
Eco design

Eco design helps reduce the environmental impact at every stage in the product lifecycle

Quicker to install

Simple and effective to install, Niloé™ ensures efficient installation!

solutions which speed up installation by reducing the number of operations



Note: See the following pages for detailed information

Flexible and adaptable
for perfect installation, even on uneven walls

Plastic support frame

› As strong as a metal support frame

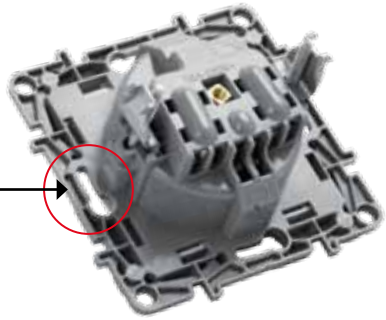
› Flexible

› Installation on uneven walls

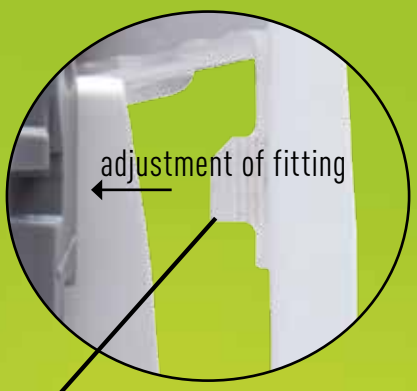
› Insulated

› Installation becomes easier and simpler

CLAWS
› Strong hold
› Suitable for all types of box



Can also be
fixed by screws

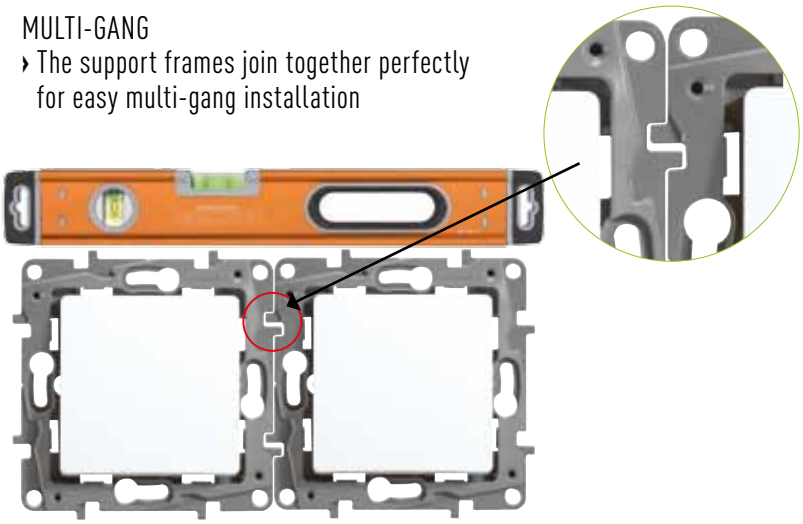


Cover plates with adjustable hook attachment system

- 4 fixing points
- Firmly fixed to the support frame
- New fitting technique: perfect hold, even on uneven walls or after decoration (paint or wallpaper)
- Can be permanently installed when work has been completed, without removing the cover

MULTI-GANG

- The support frames join together perfectly for easy multi-gang installation



legrand
